

Unfortunately we do not post out application forms as we like to meet prospective members. Your application needs to be proposed and seconded by existing full members of the club. You must be a boat owner to apply for Full Membership

If your application is accepted you will then be invited for interview, after which there is a period of at least 2 weeks to ensure that the general membership can view your application.

If approved, you will then be sent a letter to join the club and on receipt of your joining fee (non refundable) and subscriptions, you will be sent a mooring application form to complete, which should then be sent back to our Harbourmaster for inclusion on the mooring waiting list. You may be able to have a temporary mooring, dependant on availability. Your first year of membership is probationary.

Please note S.I.B.C. does not have residential moorings or allow residential use of craft moored at S.I.B.C.

Present Charges are as below:-

A one off non refundable joining fee of £415.00 + VAT Annual membership fee of £108 inc VAT per couple

You are welcome to visit the club either by car or boat

To gain access by car there is an intercom at the gate which is connected to the Clubhouse – explain that you are prospective member and would like to have a look at the club. Then go to the clubhouse to introduce yourself.

By boat find somebody and explain you are a visitor and ask which mooring to use. All our moorings are occupied by members so a vacant mooring may not be available due to the member's imminent return
